

Technical Description

The ruggedized Frame Mount Kit provides a solid protective casing for the ComPact AC/DC Power Supply and allows the ComPact to be quickly deployed in environments outside of a vehicle or shelter.

The Frame Mount Kit has integrated handles for easy pick-up and carrying. It also comes with a velcro strap to keep cables in place. A bumper replacement kit is available.

The Frame Mount Kit is suitable for ComPact AC/DC series power supplies and battery chargers.
