

# COMROD UHF2252000MP

## UHF Broadband Man-Pack Antenna

### Application:

The UHF2252000MP is an Ultra Wide Band antenna covering the complete 225 to 2000MHz range. It is intended for Man-Pack radio sets.

The antenna includes a broad band matching network that maximizes the available gain.

The antenna is a dipole with the goose-neck as a part of the radiating element.

### Electrical specifications:

Frequency range	225-2000MHz
Impedance	50Ohm
VSWR	< 3.5 Slightly dependent on installation
Power rating	15 W
Connector	N male

### Mechanical specifications:

Design	Wideband dipole with goose-neck
Length	57cm
Weight	425g
Finish	Polyurethane lacquer, black
Temperature range	-55 °C, +71 °C; -67 °F, +160 °F

### Connectors:

Other connectors according to customer requirements.
