

Features:

- 30 - 512 MHz
- Sleeved stainless steel tape (blade).
- No tuning required
- Black base and black whip

Electrical specifications:

| | |
|-------------------|-----------------|
| Frequency range | 30 - 512 MHz |
| VSWR | < 3.5 |
| Nominal impedance | 50 ohm |
| Power rating | 50W |
| Radiation pattern | Omnidirectional |
| Polarization | Vertical |
| Connector | BNC- female |

Mechanical specifications:

| | |
|-------------------|----------------------------------|
| Design | End fed whip. Sleeved steel tape |
| Length, mounted | 1.17 m |
| Weight | 634g |
| Wind rating | 57m/s |
| Finish | Epoxy lacquer, black |
| Temperature range | -55 °C, +71 °C; -67 °F, +160 °F |
